

**Request for Engineering and Other Professional Services Assistance with  
Duke Energy Center for Performing Arts – Meymandi Concert Hall - Stage Canopy  
Advertisement**

The City of Raleigh, North Carolina is requesting proposals to perform engineering and other professional services. RFQ documents will be available to interested parties on February 10, 2016. Other significant dates are listed in the Request for Qualifications.

The purpose of this project is to provide options including a conceptual and final design for an acoustical canopy that is permanent theater equipment over the performance platform in Meymandi Concert Hall at the Duke Energy Performing Arts Center to meet or exceed the non-amplified sound expectations sited in the 2014 Acoustical study conducted by Akustics. The angle and height of the canopy can be expected to improve on-stage hearing conditions for musicians and to increase the sense of impact and clarity for the audience.

Submissions will be accepted until March 10, 2016 at 3:00 pm, in the City of Raleigh – Construction Management Division Offices at One Exchange Plaza, 219 Fayetteville Street, Suite 801, Raleigh, NC 27601.

Request for Qualifications documents and other project information are available from:
